

As a frequent traveler who regularly uses multiple currencies, I want the banking system to offer competitive exchange rates, provide easy-to-use currency conversion tools, allow me to manage multiple accounts in different currencies, and offer international payment options so that I can manage my finances effectively while abroad. Acceptance Criteria: The banking system should offer exchange rates that are competitive and updated in real-time to reflect current market rates. The banking system should provide easy-to-use currency conversion tools that allow me to quickly convert between different currencies without having to navigate through multiple screens. The banking system should allow me to manage multiple accounts in different currencies, including the ability to view account balances, transaction history, and make transfers between accounts. The banking system should offer international payment options, including the ability to make wire transfers and pay bills in foreign currencies, with competitive fees and processing times.
