

As a parent, I want to be able to easily view and track my child's nutrition and meal choices in the school cafeteria, so that I can ensure they are making healthy choices. Acceptance Criteria: The virtual reality lab should provide a diverse range of interactive and immersive experiences related to scientific concepts and phenomena. The virtual reality lab should be accessible to all students, regardless of physical ability or location. The virtual reality lab should have a user-friendly interface that is easy for students to navigate and interact with. The virtual reality lab should provide accurate and reliable information that is consistent with established scientific principles and theories.
